The Bird

An old bird soaring through the sky
Older than any civilization
This bird will always fly
Even in the dawn of absolute destruction

Yuli369

It never stops
Older than Gods
Eternal warble echoes
Flyin’ over all chaos

Haha Void

Sometimes a zephyr lends it a hand
Other times it tries to blow it away
But this bird will never go on land
You can see in its fierce eyes, it will always stay

Sins

An everyday sin we all carry
One we all wish to bury
The core of what we call destruction
It is each and every obstruction

Yuli369

Sellin’ sins
Shop of thrills
Disturbed confessors
Absolution deniers

Haha Void

Defective human beings
Reaching new ceilings
From bad to worse to worst
Competing in a battle of sinful thirst

Yuli369

The sky’s a circus
Waiting for their clowns
The angels are monkeys
Juggling their halos

Haha Void

The earth is a hellfire
The situation is that dire
Even the living are judged
Because all evil must be purged

Yuli369

Because I’m no Evil or Good
I must be the fun
No wings I ever understood
I’m the Universe’s son *Haha Void*

Poetry

Lethargic in my light
Poetic in my night
O the dreamy Knight
The stars I love to fight
Haha Void

My fate won’t be predestined
For great deeds I am destined
As a poet, I write it myself
Into the best outcome I will delve
Yuli369

I’m a gun, I’m a finger
On Poetry I pull the trigger
I’m a Map, I’m a Compass
In Art I find Myself
Haha Void

Poetry is my water
Prose is my sustenance
Every poem is my daughter
They are the only thing giving me substance
Yuli369

When in abstinence
I lose my shit
Every line’s suspense
The flame must lit
Haha Void

My flame is greedy
My soul is needy
The only thing satiating my appetite
Is my creations’ warm light

Yuli369

Me, a lil troll sculpting a joke
Everything else’s tedious
How I now cope
God’s too serious

-

Cosmic

The Moon’s in my room
Her face’s cold gloom
Prophesying timeless doom
From nothing into nothing we succumb soon
Haha Void

She gives me a taste of death
It fills my heart with heavy dread
And yet its unmatched serenity
Makes me want to embrace it for all of eternity
Yuli369

The Cosmos falls tragically
Inebriated with stardust
These comets are pretty
Speckles of life from Earth
Haha Void

Destruction has come
A new era has begun
Born from the ash
That is the previous era’s trash
Yuli369

Phoenix flying us
The End’s wishin’ us
Perpetually burning
Every day reborning
Haha Void

Moonshine

A kiss tastin’ the soul
We drown in our world
Haha Void

Lyconthropic heart possessed by the Moon
Ardently painting the intimate howl
Haha Void

Escapism

Desperately clinging onto the last bit of hope
Escapism is my last resort
Praying for a better future
Resisting death’s temptation
Ending my life wouldn’t be beneficial
Scared of my uncontrollable impulses
Strong my desires for the forbidden, they are
I don’t want it to end this way
One reason to stay, I don’t have
Never will I ever be joyful in the thing we call life

Yuli369

Holograms of poetic unicorns
Almas that marry the skies
Peace of a thousand monks
Papers learning their smiles
Yearning to fly and kiss the stars

Procrastination

A poet trapped in habits of procrastination
They could lead to the poet’s artistic destruction
Yet no matter how much the artist, their actions are dreading
It is all so complex, even the act of breathing

Yuli369

More dead than my brain
Today ain't that day
The ink's rottin'
Can't fly me away

Haha Void

I feel like I’ve dug a hole
One that swallows my ambitions whole
I cannot climb out
What is my life even about

Yuli369

Am I that hole?
Where you fall in
Bottomless well
My void ur tastin'

Haha Void

Writings

Lightning strikes my heart
And I’m suddenly inclined to try my hand at art
Writing a cute small poem or two
Would I write many or just a few

Yuli369

Writing none 'cause I'm done
Writing a million when I dream
My fire wants me to sin
My ire's at the mundane

Biggest Bliss

The biggest bliss that could happen
For a poem or two to pen
With another writer
To make the burden of my thoughts a little lighter

Yuli369

Crushin' my Shell

Anesthesia lulling my melody
Dreamin' a paradise while slumbering in hell
I'm the therapist and the therapy
Time sure loves to crush my shell

Haha Void

Savior's Sleep

My biggest savior is sleep
The bridge between death and life
But when I wake up from my slumber deep
All I can feel is strife

Yuli369

2 feb 2026

Paralleling

Parallel feeling of existence
What one does without patience?
A whole life stuck on the fence
Inner dark matter's so dense

Haha Void

2 feb 2026

Drowning

I am drowning in the sea
A few seconds before my soul will flee
My lungs get heavier
My breathing gets unsteadier

My body stops panicking
Because incentive it is lacking
For there is nothing to be done
My existence is all gone

Yuli369

Life's Shark

Littl' fish I am
I know not where I swim
The shark of life devouring me
Escaping him only when I dream

Haha Void

2 feb 2026

Roller Coaster of Paranoia

Roller coaster of paranoia
Castaway on the metaphysical sea
Ol' tides of glory
On the blue desert planting a tree

Haha Void

Then touching the closest star
Made up of falsity and deception
Furthering my warped perception
It is so near, when it should’ve been far

Yuli369

Seal

A small seal swims in the vast sea
It swims with no thoughts, just glee
It doesn’t have a conscious mind
And it has nothing to find

Yuli369

A littl’ seal swims in the cosmic sea
Swimmin’ without thoughts, only pure glee
His unconscious mind
Nothing has to find

Happy Blind

The happiest landscapes
Seen only by the blind
To smile in all places
It’s easy when you don’t mind

Haha Void

Cotton Ball

Your touch is soft like a cotton ball
Nothing apart from this i want, nothing at all
It sparks a fire in my heart
Every word, every action of yours is a work of art

Each word so eloquently said
It is as if you make my soul burn
Oh you’ll make me lose my head
When will it be my turn

For me to make you flustered and red
For me to make your brain all dead
From the intense passion you’d feel
One from which you’ll never truly heal

When could i etch my name in your soul
When could i control your desires, them all
For you’ve done this and far more
That is why I can’t help, but adore

Yuli369

Nothing!

What in my mind
Nothing! - Nothing! - Nothing!
I wish I knew what to wish
Lostly digressing like a fish

Haha Void

My brain exists just to rot
Everything i forgot
Even my biggest ambition
It will never come to fruition

Yuli369

Lovely Damnation

Flirting the lovely damnation
Extinguish my creation
Wings flappin' in the mud
We're all gone misunderstood

Haha Void

Meaning

Life is fleeting
Everyone seeks a big meaning
But the small things are sometimes enough
The relationship between two people, their love

Yuli369

Ice Cream

My name is Ice Cream
On her lips meltin'
Flavor of dream
The tongue's burning

Haha Void

From cold, to warmer
I’ve lost my form, it is now former
Feeling myself melting all over her mouth, so sweet
Her insides are such a treat

Yuli369

Electro Birds

Airplanes r lickin' the skies
From them, falls thrills without parachutes
The land's kissed passionately with desires
Haha Void

Mechanical birds soaring through the clouds
Migrating everyday
Connecting the world with invisible strings
Yuli369

Turbofans inhaling the life
Wings bigger than the world
Only a cloud to be my wife
Haha Void

The airplanes reach their final destination
It all leads to nowhere
The end of life is imminent destruction
Yuli369

Fuselage's fire
Weightless ocean of cycles
Fly me outta here in a pyre
Haha Void

May i land
In an abandoned land
Far from the meaningless materialistic world
Yuli369 *4 feb 2026*

Lab

Labs of freakin' dissociation
Spill the test tubes of magic
Synthesizing a nebula of a mystical lion
Blowin' up my lab, my madness is tragic

Haha Void

My Soul

Death tries to grab my soul
It’s trying to grab it all
From my small insignificant traits
To my entire fate

The idea of it is implanted in my brain
It tells me that in the living world, there is nothing to gain
It tells me to fall
And become a lifeless doll

It tells me how warm my soul will be
When I set it free
Free from the chains
Free from the pains

I take death’s hand
Waiting for a painless end
Because if I give up on my own
Without a struggle, death, my life would own

As I enter their embrace
A cognitive dissonance, I face
Death is still suffocatingly painful
With agony, the process is full

I confront Death coldly
I say lines boldly
“Oh Death, such a deceiver

I will never be a believer”

I pull away, leaving death alone
For my own betrayal, I must atone
So I take care of my life
And against me, I no longer hold strife

It Grows

Every day's harder
A little wish grows
Callin' it ardor
The beast burns in his roars

Haha Void

A seedling in my garden
To a budding little plant
Waiting for its stem to harden
So on its own it could stand

Yuli369

Torment's Chamber

Hypnotic orchestra of warbles
Orbital cavities with spinning planets
Parrots mumbling mundane dialects
Obelisks ornamenting the chamber of torments

Haha Void

5 feb 2026

Niagara

A waterfall of endless delight
Crystals falling on my body
The water is as sparkly as light
Thirsty for her warm melody
Yuli369 & Haha Void

Niagara lulling my heart
The serenity of its waters, so pristine
O nothing falls but art
The most picturesque thing i’ve ever seen
Haha Void & Yuli369

Lines

Like the lines, we're two
Singing what no one'd do
Haha Void

We are neither three, nor one
The fun for us two has just begun
Yuli369

We, the lines of your present
Aligning, even we’re so different
Haha Void

We both weave the words into a beautiful web
We are like the waves, we flow and ebb
Yuli369

Alchemy of constellations and temptations
Alliciating the earthly minds
Haha Void

Desires

Many earthly desires exist
I only have one that will persist
Yuli369

Of desires, I'm an Alchemist
Of dreams, an Empiricist
Haha Void

The adoration of a being so beautiful
It brings excitement to every moment, no matter how dull
Yuli369

The Nature's love
The Goddess who's all above
Haha Void

My worship is my purpose
Their arms are my repose
Yuli369

Too Much

I did too much of my dose
Accidental OD of my inner Dove
Haha Void

My soul jumped out of my body
My body a corpse, me a nobody
Yuli369

Empty Home
Thru' the Stars gone
Haha Void

Observing my corpse, heavy and cold
I know that none of my story will be told
Yuli369

My Cards - I fold
The Dice - is Blood
Haha Void

I gambled away my life, futile
Yet I didn’t know it existed, I was in denial
Yuli369

Surviving to my tale
Survival – to tell the tale
Haha Void

The Point

What is the point of living
When instead of knowing, you’re believing
And yourself you’re deceiving

Yuli369

Skibidi's the point
Higher than a Boeing
Smokin' myself in a joint

Haha Void

Inspiration

A poet can create something
Even when their mind
Is in the deepest parts of nothing
Inspiration, they will always find

Yuli369

Lookin' for her, when blind
Catchin' her, when unexpected
Inspiration blows like wind
Chase her not, or get rejected

Haha Void

Inspiration is like a cat
When you chase, it runs
Like a fire, so hot
When you get too close, it burns

Yuli369

Black flames into multi-colored worlds
The Firestarter wandering somewhere
With flames we're coloring lives
Sprayin’ Love on the Earth’s atmosphere

Haha Void

Void

In the middle of nowhere, there’s a void
And of all value it is devoid
Like a deathly ill person, so pure
Destined to die, no cure

Yuli369

And there’s nothing where it should -
A ghost of the world
Knockin' the Door of God
Diluvian my mental flood

Haha Void

Slowly but surely entropy propagates
Knocking even on order’s gates
And behind it, nothing it will leave
It will bring the destruction’s eve

Yuli369

Pandemonium chronicles of two elves
Kerosene breeze hovering us over the abyss
Psyche voyaging without chips
Hypnotized by the waning cheese

Haha Void

10 feb 2026

Null

Life’s meaning is null
Everything is dull
Torture is everpresent
Death is the best present

Yuli369

Wrapped in the sweetest candy
6ft under - where's the candy store
How can the night be so sweety?
I'd finally learn about her lore

Haha Void

A cold refreshing kiss
One that I can’t not miss
A chance at eternal peace
The turmoils of life will cease

Yuli369

Why does God have bloody lips?
Before I started - I should've been ceased
Why does the Cosmos on me play tricks?
On his sacred charades I relapsed

Haha Void

Life is a sin
I should’ve never been
Existence is a curse unbearable
Consciousness is a punishment unbeatable

Yuli369

10 feb 2026

A Spark in the Dark

To be happy with my life, I pretend
I don’t know when my personal hell will end
Not even a second longer can I stand
My predicaments I cannot start to comprehend

Yuli369

With this hand, I start a new one
A better, stronger and prosperous
Could from the last I, take the lesson
Not a new one if it's disastrous

Haha Void

12 feb 2026

Prompt

A theme for some lines
To which I have to add rhymes
A certain amount of logic
And my heart’s magic

Yuli369

Is a prompt what I want?
Is a new life that I yearn to paint?
For the Big Foot I hunt
The unlocking of Pandora's is elegant

Haha Void

A prompt is my chisel
My idea is a big stone slab
My book is a puzzle
And procrastination is the enemy i must stab

Yuli369

A prompt's what I write
Prometheus gifting a fiery rainbow
Looking for a new species of cat
Magically the morn's leaf meetin' the dew

Haha Void

Each poem is a new budding seedling
And the inspiration is the water from which they are feeding

Yuli369

The orders are divine
I wait for the Diluvian sky

Haha Void

12 feb 2026

Street Light

The city lights are bright
But they are colder than ice
They will never be a delight
To warm me, not even a million would suffice

Yuli369

A moth on her light
Human Sun I dream
Tenderness of starlight
Than heart's rays - no more supreme

Haha Void

He is the light of enlightenment
i wish to bask in it every single moment
He lights up the darkness i live in
He is all i want to be feeling

Yuli369

A Moon's useless with her light
Nightly streets of the mysterious heart
Emptiness of melancholic streetlights
Nothing but ghosts haunting sidewalks

Haha Void

12 feb 2026

Brainrot

Tralalelos barkin' in my mind
Haha Void

67 tung tungs getting a low taper fade
Yuli369

Genocidal

Corpses get generated like smoked cigs
A hole big enough, nobody can dig
They rot out in the open air
Yet the others, to disrespect them, they still dare

Yuli369

Mountains of souls
Rivers of blood
Satan begot leaders
Abandoned humanhood

Haha Void

Humans have lost their lives
No amount of blood will suffice
For those that lost their humanity
In the search of the gifts of vanity

Yuli369

Heart ate by greed
Gold over life
Than human hate - nothing's more scary

Haha Void

Appearances

A man with no face
Has no place
In the world of appearances
Of deceiving seducing dances

Yuli369

Be the figure
Depart with a memoir
An idol of an idol
Persona beyond the ephemeral

Haha Void

What matters is not the outer shell
For the mortal realm, do not dwell
What matters is the soul and heart
And to leave behind a trace, like a piece of art

Yuli369

What matters is what doesn't
A Man may be worth for a thousand
Not the lips but the chant
How much soul's there in a land

Haha Void

17 feb 2026

Little Hell

No head shall boil
Burdensome lethargic toil
Shoot me with tylenol
The brain drowning in his drool

Haha Void

Sickly laying in bed
Wishing for anything else instead
Sickly body getting heavy
Feeling more and more unsteady

Yuli369

Torture me virus
Medicinal prescriptions on ancient papyrus
Ill trance of unwelcome rituals
Peace sure brings wars

Haha Void

Microorganisms that are half dead
Trying to massacre me in my own bed
And yet I can’t defend myself physically
So I’m bombarding myself chemically

Yuli369

Virology in my symphony
The soldier writes his wounds
Hellish mountains of malady
Cremated by fiery storms

Haha Void

Awaiting for my body to heal
Because mental damage, this virus also deals
This is a very cumbersome ordeal
I’m starting to feel unreal

Yuli369

17 feb 2026

Asp'gasm

Cleopatra's orgasm of an asp
Pyramids piercing the eyes
Occult charms we fight to clasp
Slumbering like the mummies

Haha Void

17 feb 2026

Life's Knife

Life always stabs me in the back
Yet life I can’t attack
It is like an all powerful deity
With an absolute invincibility

Yuli369

17 feb 2026

Fuck Life

Fuck the skies
Fuck the kings
Fuck the lands
Fuck the thoughts
Fuck the stars
Fuck the tears
Fuck the smiles
Fuck the spirits
Fuck the symbols
Fuck the angels
Fuck the prayers
Fuck the wishes
Fuck the hearts
Fuck the beginnings

But fuck not the ends...

Haha Void

Life Again

Life is monotonous slop
Any second, it can stop
It has no meaning
So should I stop dreaming?

Yuli369

Stupid like me
Is life and my dream
Unknown like you
The reality of what's true

Haha Void

Perhaps life has no inherent truth
But we can bend light, so our souls we can sooth
To forge a meaning on your own
Because your destiny isn’t set in stone

Yuli369

Sculpting purposes for my own
Speaking dead languages of hope
What to wish when everything's gone
Life's sandglass filled with cope

Haha Void

How Little

Sweet stars whispering miracles
Lonely cries calling angels
Lofty thoughts planning empires
Despotic gods rehearsing scandals

Haha Void

Dystopia reigning in the universe
While poets write another verse
Utopia they are trying to find
But for that, should they not go blind?

Yuli369

Stumbling on cosmic books
Futures of uncertain tales
Pawns of the unimaginable
Noticing us, and how little

Haha Void

How little we are all aware
How little, about the big things, we care
How little, how puny, we all are
How little we know about the things that are, from us, far

Yuli369

Nothing

What qualifies us as alive
It is not stagnation
It is for better to strive
And to not fall into sloth’s temptation

Yuli369

To nothing be's godly
To nothing do's mortal
To anything pray's folly
To something hope's comical

Haha Void

Inevitability

If probabilities are rigged
If chances are remote
If nothing's a world
If everything's to rot

Haha Void

If one cannot choose their fate
If their fate is innate
One is a puppet on strings, so invincible
Long, cutting deep into the skin and invisible

Yuli369

Monkey

Monkey's speaking
Silly's the lining
Peanuts he's binging
On a banana peel slipping

Haha Void

Making grimaces
Silly little faces
Caring only for its next meal
From another monkey, it would definitely steal

Yuli369

The slothiest ape of all jungles
It's me - and not unironically
Upon the tree droppin' coconuts
Seriousness cages me tediously

Haha Void

Foodless

Starvation of bones
To live in an empty stomach
Fuel to fulfill prophecies
Any food that doesn't suck?

Haha Void

Goobers

Lethargy
My bed pulls me in
Melancholy
The intense pain from within

Yuli369

Goober
I can't nothing wonder
Wanker
Good as a drooler

Haha Void

From delirious
To unserious
No matter how my mood will change
Life will always be strange

Yuli369

Not so strange
Not so me
Tedium's the man
Except his inner siren

Haha Void

23 feb 2026

Vocal

Your voice
Unlike the rest of the noise
Is a beauty immense, divine
A beauty I wish to make mine

Yuli369

The voice in our head
Not so loud as the one in our heart
Not so wise as that mute bastard
We understand it without an alphabet

Haha Void

23 feb 2026

Forests

In a forest
Among the trees
There is the perfect place to rest
Finding inspiration here is best

Yuli369

The paradise lies on my chest
The birds love no man
Leaves rustling within the soul
From the forest, you hear my howl

Haha Void

I dip my flesh deep
Into an ink-filled pond
Traces of the ink, I keep
Inspiration, in my mind, it spawned

Yuli369

Blotted life
The ink-bottle fell and broke
My notebook's so dirty
No clean pages to rewrite

Haha Void

23 feb 2026

Rusty Procrastination

It could be anything
Tho' I think no thing
Singing without blinking

Haha Void

No words enter my mind
Procrastination isn’t kind
No inspiration can I find

Yuli369

Rusty rain floods my shrine
Stale like dark age's dungeons
Stuck in time sobbing for mine

Haha Void

23 feb 2026

Hungry Desire

A hungry desire propagates through my brain
From such actions, I wish I could abstain
Yet the intense emotions you make me feel
My inhibitions, all of them, you steal

Yuli369

23 feb 2026

Black Feathers

Serenity is my haven
While chaos is a raven
Croaking amidst the harmonious silence
Trying to stir, into me, thoughts of violence

Yuli369

Lost as decency
Hostility of an abnormality
The cawing frights me ghastly
Permanent residency in a cemetery

Haha Void

The raven whispers in my ear
That entropy is near
And that my illusion of peace
From it, will be left, not even a little piece

Yuli369

Feathers drop from a cliff
Black magic enchanted teeth
Dark rainbows decorating mirrors
Stairway to the palace of sorrows

Haha Void

23 feb 2026

Blue Planet

Wings traveling tropics
Mind submerged in topics
A zoo filled with exotics
My friends - all neurotics

Haha Void

Nature full of diversity
Humanity filled with monstrosity
The beauty of the cycle of life
Humanity, to erase it, they strive

Yuli369

Shredding a planet for a reason
It shines like the Devil's eyes
Blindly devoured by ambition
The only home becomes the skies

Haha Void
